Park-"A Celebrated Cave." The Baldwin-Melville company, one of the best equipped repertory companies, opened

at the Park Theater yesterday to put on the one-time popular "Celebrated Case" play, and the theater was hardly more than half filled. It was argued that the opening of the Empire and the fact that the Park had done a standing-room business for two weeks were the causes of the poor attendance, but the argument is not good, for the Park family has plenty of money and will pack the house weeks running if the right sort of play or vaudeville show be announced. The reason lies in the fact that up-to-date managers are finding out that the day of repertory companies is fast passng away unless some novelty can constantly be provided or some real favorite re-Mr. Baldwin's company, which is really an excellent organization of its kind, will put on Mrs. Burnett's "Little Lord Fauntleroy" here this afternoon and night, and the pretty child's story, enjoyed by people of all ages, will attract an enthusiastic audience. It is expected that "Lit-tle Lord Fauntleroy" will fill the house with mothers and children to-day. Mr. Baldwin, it the head of the company, is a well-known heatrical man. He has a stock theater a New Orleans and is building another a Denver. His repertory company is an old one, and out of its ranks came Rose Mel-ville, whose "Sis Hopkins" act has been one of the recent hits in New York, hav ing been worked into a three-act play for her this season. The act was seen in this city in "A Prodigal Father." Miss Mel-

ville is Mr. Baldwin's sister-in-law. The costumes of the company are fresh and complete. The players are intelligent nen and women, who have the right to be n the theatrical profession. In their rendition of "A Celebrated Case" yesterday there was little ranting and much good work. Miss Lindon, the leading woman, is the daughter of Frank Lindon, who was the first to play "Monte Christo" in this city, it is said. Barry O'Nell has a reputation as a star in Irish W I Jossey the leadwell in other lines. W. J. Jossey, the leading man of the company, is fitted for the position. The company is a large one and they all work together in splendid discipline. Baby Vavene, a pretty little girl, will impersonate Lord Fauntleroy to-day and it is said she does the character well. Specialties which are quick and interesting and cinemetograph pictures fill in between the

Empire-Watson Sisters' Burlesquers. The Empire opened yesterday for the season with the "Jake Pittner Watson Sisters' Burlesquers." The performance, as far as the closing burlesque is concerned, gives evidence of incomplete rehearsal. The five Cornallas, two women and three men, whose gymnastic act closes the show, are excellent. The men of the company do the heavy standing around, one on another's shoulders at times, while the lady Cornallas, in walking dresses, clamber all over them and do double somersaults from one man's shoulders to another's, with decided skill and finish. Wiley Hamilton and Ruth Wiley have an entertaining sketch of the domestic-broil order, in which they make the mistake of winding up with a bit of sentiment, which is not the kind of performance a burlesque house audience wants. The three Nudos also do acrobatics on the trapeze, giving some showy turns. Georgie Cunningham and Mabel Leslie, singing and dancing soubrettes, are above the average. Of the Harvey Sisters, only one-Maudmade her appearance yesterday and gave a singing turn that did not get the treatment it deserved from the gallery hammer

A New Flavor for the Coffee

Grape-Nuts

A Combination of Beverage

With Food. Coffee in itself contains no nourishment we all know, but when two teaspoons of Grape-Nuts food are added to a cup of

coffee, a new flavor is found and the best of nourishing food obtained. It is a novel experience in food and drink and worth trying. People who cannot digest coffee will find Postum Cereal Coffee, when properly boiled, a charming beverage with coffee taste and color, but with great fied to pay the few pennies more that we food value, being in reality a food drink. Grape-Nuts stirred into hot Postum gives one an ideal combination.

对学者是是"关系"的

brigade, which had already been stirred up by the reconciliation scene of Hamilton and Wiley's act. Helen Sloan, who sings songs of the Troja order, has real winning ways about her. Allen and West's musical act contained several real new jokes; Merritt and Rozella's cakewalking and dancing is good. The company will remain all week, to be followed Monday by Irwin Brothers' Burlesquers. The Empire is decidedly improved in appearance and looks as to the walls and floor, like a new house.

A Word to Mr. Fennessy.

As someone has said, and it makes little difference who, "dirty" shows will have to go and the sooner Manager Fennessy learns it the sooner the Empire will profit by the change. Mr. Fennessy lost an opportunity yesterday at the opening performance to take a stand for clean shows and to administer some necessary discipline on the flat-heads in the gallery. The noisy youngsters and grown-up degenerates who pack a low-priced theater gallery in the hope of seeing something vile, are patrons on whom all beauties of art, scenery and music are thrown away, as a rule. They want filth and when it is not laid on thick enough they become unruly. The Empire gallery yesterday attempted to run the house when one of the Harvey sisters did her act. The actress probably made a mistake in wearing clothes, but a few welldirected remarks from the manager would have explained that it was his purpose to give a theatrical entertainment and not a can-can. The rebuke coming at the opening of the season would have done the theater no end of good in showing the policy of the house. It was plain that people in the parquet couldn't stand for the disposition of the gallery and there would have been no objection down stairs had the entire 10-cent

The burlesque portion of the show yesterin spots it was vile and vulgar. The man-agement has permitted a troupe to come to the Empire flying the colors of the Watson Sisters, when the Watson Sisters have nothing to do with it. It is evidently an attempt to advertise a new show by an old name that meant a good entertainment last year. This will not do, if a manager desires to win the confidence of his patrons. It won't do anyhow. The burlesque was a badly arranged affair, apparently taken from old burlesques of the Sam Jack school. The programme had the line: "Don't fail to see the maidens plunge in the virgin pool." Wridently this feature was cut out. Evidently this feature was cut out. Aside from the above mentioned features the show was all right.

crowd been turned out and the upper doors

locked. One such move would raise the tone of the Empire and be worth many dollars

to the management before the end of the

Edna Kent Has a Press Agent. LONDON, Aug. 21 .- Dr. William Masterson, of Washington, was arraigned at the Marlborough-street Police Court to-day, charged by Edna Kent, a chorus girl, with stealing a ring which she valued at £4. The woman said she met Masterson on the strand and accompanied him to a house on Fitzroy square, where they were refused admittance. While outside, the woman said Dr. Masterson took the ring from her finger. Dr. Masterson, in reply, said he knew nothing of the alleged theft. He thought the woman was trying to rob him and ran away. The magistrate discharged the prisoner, saying no jury would ever convict him.

PERSONAL AND SOCIETY.

Judge James B. Black has gone to Georg-Miss Daisy Clarkhas returned from a visi to Miss Zollinger in Detroit. Mr. and Mrs. George T. Evans have gone Buzzard's Bay for a month.

Mrs. James M. Hume and Miss Alice Ed wards are at Pigeon Cove, Mass. Mrs. O. S. Runnels and family have gone o.Lake Maxinkuckee for a short visit. Mr. and Mrs. William J. Brown and children are at Old Sweet Springs, Va., for a Major W. J. Richards will go, this week,

to Chicago and Mrs. Richards to Lafayette to visit her mother Mr. and Mrs. A. H. Nordyke and sons will leave to-day for a trip down the St. Lawrence and to Quebec. Mr. D. P. Erwin returned yesterday from Saratoga, where he went with his daughters, Mrs. Coburn and Miss Erwin.

Mr. and Mrs. F. W. Chislett have gone to Buzzard's Bay, where they will be joined by Mrs. William L. Elder and son. Mr. John H. Orr has gone to St. Paul, Minn., to join Mrs. Orr, who is visiting their daughter, Mrs. C. E. Hasson. Miss Estelle McCune has returned from Dayton, O., where she has been visiting Mr. and Mrs. Ernest Frank Brown. Miss Clara Simpson has returned from Sidney, O., where she has been spending the summer with her grandparents. Mrs. Carolyn Coffin, who has been visiting her son, Mr. C. E. Coffin, and family, has

returned to her home in Bloomington. Mrs. George U. Bingham and children have gone to St. Louis to spend this week with Mrs. W. H. Woodward and family. Miss Jennie Welling is spending a few days in Greenfield, and Aug. 29 she will go with Miss Ella Pye to Bay View for a few weeks. Miss Jeanette Judson, who is visiting her brother, Mr. C. E. Judson, and family, will

be the guest of Mrs. John Love at the Delano annex next week Mr. and Mrs. James W. Lilly and children left last night for Petoskey, where they will join Mrs. Mary Lilly and Mr. and Mrs. George Lilly, of Anderson. Miss Kate Metcalf entertained her card club and other friends on Saturday afteragon in honor of her Canadian friends, Miss Abagail Bailey and Miss Georgie Learned Rev. and Mrs. M. L. Haines, who are in

New York State, have been at Niagara Falls and while there Mr. Haines went to Buffalo to preach in one of the leading churches Sunday. Miss Laura May Van Wie will give a harlequin and porch party for her guests, Miss Martha Stratford, of Irvington, and Miss Margaret Hogue, of St. Louis, on Saturday evening of this week.

Miss Abagail Bailey and Miss Georgie Learned, who have been visiting Mrs. Fred-erick Blodgett and Miss Kate Metcalf, will eave Tuesday evening for Washington, en route for their home in Canada. Miss Helen Yerkes has returned from Wisconsin and Michigan. Miss Susan Yerkes will leave this week for Makinac to spend some time and on her return she will take

apartments at the Wallingford. Mr. James Gipe, a nephew of Col. James B. Black, won the diamond medal at the temperance contest held at Island Park Assembly, at Rome City. He has now taken all of the State medals. Mr. Gipe was the delegate from this city to the New York convention in July.

CITY NEWS NOTES.

There will be a special meeting of Thomas Post this evening at 8 o'clock at its head-

The University of Indianapolis Band will give a concert from the north side of the Monument steps to-night. A meeting of the Bar Association has been called for this morning at 9 o'clock, in Room 1, Superior Court, to take action on the death of Judge Hill.

Councilman W. W. Knight, who, as chairman, accompanied the railroad committee to Chicago and returned home ill, is reported by his physician to be in an alarming condition. He has intermittent fever and heart irregularities.

KITCHELL RESIDENCE STUDIO. 1126 North Pennsylvania Street. Singular, isn't it, how one becomes a pl neer in a little over two years! When this studio was opened it was regarded as a novelty and rather a precarious venture. now every few minutes we read of another residence studio opening up. Other galleries mitate our original styles, too-compare hem with the genuine and you will be satischarge for the distinctively high-class work that issues from this studio. Mr. Nicholson

is back now and operating-you know his

THE INSPECTORS NAMED

CITY COUNCIL PASSES ON A PORTION OF ELECTION OFFICERS.

The Cigarette Ordinance Defeated-New Territory Near Haughville Annexed to the City.

The City Council held a busy session for an hour and a half last night, and at the adjournment of the meeting the members went for a ride on one of the street railway company's new cars, which was waiting at Washington and Alabama streets.

The ordinance fixing a license for the manufacture and sale of cigarettes came up for passage and was defeated. The committee on public health reported against the ordipance, basing its action on an opinion given by the city attorney, who held that the Council could not fix the kind of a license proposed without permission of the Legislature. Councilman Harston appeared somewhat vexed at the committee's action. He said the ordinance was prepared with a view to protecting the health of children. When the ordinance was first talked of, he said, he went to City Attorney Kern and discussed the proposed measure with He understood from Mr. Kern that the ordinance might be passed. After Mr. Harston's remarks, the ordinance was read a third time, and the vote was called. But three members voted for the ordinance. They were Councilmen Colter, Harston and day was rotten from an artistic view and | Von Spreckelsen. Several of those who voted against it explained that they did so because the city attorney had said the ordinance would not be a valid measure if

> Councilman Merrick's ordinance, providing for the annexation of certain territory north of Haughville was passed with an amendment introduced by Councilman Costello. This amendment excludes from the annexed territory two tracts of farm land of eighty acres each. The original ordinance was introduced last July. Mr. Bowser's ordinance, changing the boundaries of the seventh precinct of the Fourth ward, so that the newly annexed territory will be included, was also passed. The new territory includes about fifty acres of land bounded by Tremont street on the east, Tibbs avenue on the west, Tenth street on the north and Mick street on the south.

A resolution was adopted which caused some of the councilmen to smile when they voted for it. The resolution was to the effect that since the government is spending many millions of dollars in dredging rivers, the members of the Council feel that some of this work should be done in White river. Councilman Allen, in voting for the resolution, remarked: "I'll vote for it, because I think it is harmless as far as the government is concerned."

By request Councilman Costello introduced

an ordinance to prevent the holding of public meetings on any vacant lot adjacent to private residences. The ordinance covers religious and political meetings. According to the provisions of the ordinance, these meetings shall not be held except by permission of three-fourths of the citizens living within one square of the place where it is sought to hold a meeting. It was expected that the Council commit tee which has been investigating the elevated track system in other cities would submit its report last night, but the matter was not brought up. After the meeting a member of the committee said the report was not yet ready, and would probably be delayed until the railroad officials were

given another opportunity of appearing before the committee. THE ELECTION INSPECTORS. By resolution the Council last night appointed the inspectors who are to serve at the city election in October. The list of inspectors is composed of Democrats as fol-

Bids on Bridge Bonds To-Day. At noon to-day bids for the \$150,000 o bridge bonds will be opened at the office of City Controller Johnson. Mr. Johnson thinks that from ten to fifteen bids will be received. He said yesterday that he ex-pected the city would realize a good premium in the sale of the bonds.

BOARD OF WORKS ROUTINE.

Appraisement for Improvements. Albert Sahm, John H. McWarren and Joel H. Baker reported values as appraised on property abutting on the lines of proposed improvements as follows: For cementing the sidewalks of Church street, from McCarty to Ray street. Appraised value, \$20,000. For cementing the sidewalks of Hoyt avenue, from State avenue to Wilson street, \$16,000

Cementing east sidewalk of Warren aveue, from Oliver avenue to Ray street,

Contracts Awarded. Cementing the sidewalks of Ash street from Massachusetts avenue to Thirteenth street, to P. E. Phillips, at 58 cents a foot for five-foot walks, 35 cents for three-foot walks, and 8 cents a foot for sodding. Cementing sidewalks of Hoyt avenue, from State avenue to Nelson street, to Henry Maag, at 58 cents a lineal foot. Cementing east sidewalk of Warman avenue, from Oliver avenue to Ray street, to Henry Maag, at 57 cents a lineal foot. Graveling roadway of the first alley east of State avenue, from Orange street to a point 288 feet north, to Daniel Foley, at 25 cents a lineal foot. Graveling roadway of the first alley east of Woodside avenue, from the second alley north of Southeastern avenue, to Daniel Foley, at 35 cents a lineal foot

Cementing sidewalks of New York street, from Highland avenue to Oriental street, to John Moore at 58 cents a lineal foot. Paving with asphalt the roadway of the first allely south of Vermont street, from Meridian street to Capitol avenue, to Warren-Scharf Paving Company, at \$1.80 a lineal foot, each side.

Contracts Deferred. For graveling roadway and cementing sidewalks of New York street, from Oriental street to Arsenal avenue. Petitions Filed.

For cementing the west sidewalk of Del-aware street, from South street to McCarty For grading and graveling the first alley west of Illinois street, from McLean place to Thirty-second street. Resolutions Adopted.

For paving with cement the sidewalks of Capitol avenue, from Georgia street to For graveling the roadway and cementing the sidewalks of St. Paul street, from English avenue to Big Four Railway tracks. Appraisement Ordered. The board ordered an appraisement for

wooden block roadway and cement sidewalks on Broadway, from Seventeenth street to Twenty-first street. EXPRESS COMPANIES' RIVAL

United Parcel Forwarding Company Complains of Discrimination.

Members of the United Parcel Forwarding Company met at the English Hotel yesterday to admit to the company new members. particularly transfer men in the State of Indiana. According to William J. Hogan, of this city, secretary of the organization, the company, which has been in existence only six months, is already a formidable competitor for a large share of the business of the express companies. "The company," said Mr. Hogan, "was

organized in New Jersey by transfer men looking for more business, and it has grown so that it is now doing business in nearly all of the larger cities of the North between Maine and Colorado. Our scheme is to take contracts for the delivery of all sorts of parcels, containing advertising matter, drugs, dry goods, etc., sort it according to districts and towns, box it and ship by fast freight lines. We handle no perishable stuff, and while the time made is not quite equal to the time made by regular express mat-ter, it is fast enough for the handling of such business as we take, and at a saving of from 25 to 50 per cent. to our patrons The express companies ignored us at first, but the great increase in our business has led to the issuance of orders to express agents not to accept business from the United Parcel Forwarding Company, a proceeding which is in violation of the laws governing common carriers. I have been at work organizing the new service throughout this State, and have in my desk 115 letters from transfer men asking for details and requesting membership. This meeting was called for the purpose of instructing applicants and the voting in of new members. We have only one representative in each city, and he must be regularly established in the transfer business. Every member must take stock in the company and give bond. There are present about thirty members, and many more are expected during the

When asked if it was the intention of the company to put its own cars on the road. Mr. Hogan said: "Though it may be some time in coming, we will probably do so. The railroad companies are very favorable to our method, possibly for the reason that we pay full freight rates on all shipments, and while willing to allow us to put on cars. their contracts with the express companies prevent at present. The officers of the company are: Presi-

dent. F. Richard Donahue, Chicago, Ill. treasurer, H. H. Walker, New York; secretary, William J. Hogan, Indianapolis; general manager, O. D. Pillsbury, Boston Embankments at Bunnel's Ford.

Bids for the construction of embankments

for a county bridge at Bunnel's ford,

Washington township, were opened yester- cillor, presiding

day and the contract was awarded Charles Silvey at 22 cents a cubic yard. The highest bid was 29 cents. Seven hundred yards is the estimate for the work.

NO DANGER OF STRIKE.

So Says Chief Arthur-Committee Goes to Cincinnati.

The committee of Big Four engineers that had been meeting at the Occidental Hotel several days went to Cincinnati last evening with P. M. Arthur, chief of the Brotherhood of Locomotive Engineers, who arrived in the city the night before and was in consultation with the committee all day. The committee and Mr. Arthur will meet Mr Schaff, of the Big Four company, to-day The committee did little while it was here but talk within itself and dodge newspaper men. One of the members of the committee was approached by a reporter yesterday afternoon and asked if he were a member

"Yes," he replied, and fled upstairs, ap-parently afraid to even look back over his It is expected that, now Mr. Arthur has taken the matter in hand, something will be done instead of holding "executive ses-"I do not anticipate any trouble at all," said Mr. Arthur before he left the city last evening. "The requests of the men are conservative and proper. If the matter cannot be settled with Mr. Schaff we will see Mr. Ingalls, but I think Mr. Schaff will arrange

things satisfactorily. Mr. Arthur smiled when he was asked about the report that there might be a strike, and said there was no danger of it, and had not been. He said he expected to settle the question on the morrow.

The engineers are asking that the wage scale of 1898 be restored.

IN THE COURTS.

Motions to Quash Milk Affidavits. Motions to quash the writs and affidavits against A. Nickerson, L. J. Isenhour and Conrad Buchi, three dairymen, arrested for alleged adulteration of milk and fined in Police Court, from which appeals were taken, were filed yesetrday in the Criminal Court. Arguments on the motions took up the time of the court during the afternoon and the cases were taken under advisement until Aug. 24. The attorneys for the defendants are endeavoring to quash the affidavits on the ground that the law under which they were made is unconstitutional in that, it is claimed, the law is in direct violation section 21, Article 1, of the Constitution which says that "no man's property shall be taken by law without just compensation, nor in case of the State without compensa tion as assessed and tendered." It is further claimed to be in violation of Section 25, Article, 1, which states that "no law shall be passed the taking effect of which shall be made to depend upon any authority except as provided in this Constitution." Section 19, Article 4, of the State Constitution, prescribes that "every act shall embrace bu one subject and matters properly connected therewith, which subject shall be expressed in the title." It is further claimed that the affidavits do not properly represent the true conditions in the case.

Mother Cannot Control Them. Edward George Schultz, aged ten years, and George Henry Schultz, aged twelve, upon complaint of their mother were taken before Judge Alford, of the Criminal Court, yesterday and found guilty of larceny and ordered committed to the Reform School. The lads have several times been in Police Court for stealing and released on suspended judgment. Wednesday last they stole \$1.50 from the money drawer in the refreshment stand at Garfield Park and were bound over from the Police Court. Mrs. Schultz says she is unable to control them.

Lillie Alexander's Complaint. Lillie Alexander, in a complaint asking for divorce from her husband, Samuel, alleges cruel treatment and boastfulness on his part relative to his associations with other women. She also cites an instance in Police Court where he was fined for assault and battery upon her.

New Suits Filed. Edgar O. Hunter vs. Edward T. Butter-field and Elva D. Butterfield; foreclosure of mortgage. Levina A. Owen vs. Miles O. Cook and wife and unknown heirs of each; complaint to quiet title to Lots 83 and 84, Allen's sec-

ond north addition to Indianapo Lillie Alexander vs. Samuel Alexander Gertrude Tharp vs. Everett Tharp and the Indianapolis Street-railway Company; com-

plaint for support.

A Typewriter Transaction. E. L. Coleman, an advertising solicitor, living at 122 East Vermont street, was arrested last night by Detective Morgan and Patrolman James Pope on a charge of grand larceny. Coleman, employed on a morning paper in this city, but that a few months ago took a position with Edwin R. Pillet, a typewriter dealer on East Market street, and that, in course of his canvassing, he left a machine on approval in the office of Fisher & Co., in the Stevenson building. At that time, he says, his employer was away, and before he returned he left Pillet to take a position with the American Farmer, where he is now employed He claims he told Pillet about leaving the machine in the Stevenson building on approval, but did not see fit to go after the machine or give

it on approval he only followed out a custom is vogue in all such establishments. Homeless and Paralyzed.

it any further attention. He says he never re-

ceived any money for the machine, and in placing

Fred Bird, homeless, was found in a pitiable condition between two tracks in the Vandalia yards last night, and was taken to the City Hospital in the Dispensary ambulance. Bird, it is said, formerly lived with his parents in this city, but ran away several years ago and was not heard of until yesterday, when he returned des-titute, in search of his father. He at once learned of the death of his parents and found himself homeless and without friends. Since that time he has lived without regular shelter or food, and when found last night was unable to move. His cries attracted passersby, who took him from the tracks and called for Dispensary physicians. With regard to his condition there is a dispute between the Dispensary physicians and those of the City Hospital. The former claim that Bird has paralysis, while at the City Hospital this view is not entertained. He was, however, help-

less in his lower limbs. Yardmaster Devlin Surprised. Thomas Devlin, local yardmaster of the Peoria & Eastern division of the Big Four, was given a surprise by his friends last night at his home, on Elder avenue. number of the employes of the road gathered at his home and presented him with a combination mahogany writing desk and bookcase and mahogany chair as a token of the esteem in which he is held. The presensation speech was made by E. M. Jor-don. Mr. Devlin was much affected by the kindly action of his friends. He will give up his place in the yards in a few days to

enter the train service. The Arkansas Flag Not There. A letter was received by the Indiana department of the G. A. R. from the secretary of the Twenty-second Indiana Regimental Association, asking if the flag captured from the Second Arkansas Confederate Regiment was in the State Museum. The letter said that the Indiana regiment captured the flag at Liberty Gap, Tenn. June 25, 1863, and the Arkansas regiment in turn captured their flag at Perryville, Ky. The Indiana regiment desires to exchange flags, but a search of the museum did not bring the Arkansas flag to light.

To Test the Barrett Law. Thomas B. Adams, an attorney at Shelbyville, Ind., yesterday filed a brief in the Supreme Court asking that the Barrett law pe declared unconstitutional on the ground that, in his opinion, the Legislature cannot arbitrarily decide that the cost of im-proving a street shall be assessed to abutting property without any regard to benefit or injury to such property. Mr. Adams alleges that the city of Shelbyville, by an ordinance, improved Broadway, on which he lives, after it had been improved and the abutting property taxed.

Political Notes.

Henry S. Spiegel, Republican, for many ears engaged in the furniture business in this city, and a long resident of the Seventh ward, announces himself as a candidate for Council in this ward. A few days since it was stated that E. S. Boardman was a candidate for the Council in the Seventh ward. Elbert S. Board-

man, who has served as precinct committeeman for several years, is a candidate in that ward. Daughters of Liberty. TIFFIN, O., Aug. 21.—The National Council of the Daughters of Liberty convened in annual session here to-night with two hundred delegates present, and W. L. Hayward, of Newark, N. J., national councillors

OPENED

AMERICAN SCIENTISTS NOW DEEP IN THEIR MEETINGS.

periences on the Spanish Warships at Santiago.

COLUMBUS, O., Aug. 21.-The opening sessions of the American Association for the Advancement of Science were well attended by citizens as well as members. The prearranged programme was carried out, except for the substitution of Police Justice M. B. Earnhart in place of Mayor Swartz, to welcome the association in behalf of the city, which he did in a facetious address; preceded by General Axline on behalf of the State, and followed by President Thompson, on behalf of the university. Prof. Putnam, on calling the meeting to order, spoke very briefly. President Orton replied to the address of welcome in a masterly review of the important discoveries of science, contrasting especially those of the nineteenth century, of which he enumerated twenty-four notable ones, with the fifteen or sixteen of the eighteenth century, as classified by Wallace.

Several of the vice presidential addresses were of unusual merit. By an amendment to the constitution, the vice presidents will hereafter deliver their addresses at the close, instead of the beginning of their terms of office, so that next year none will be delivered. The address of the retiring president, Prof. Frederick W. Putnam, this evening, was on "An Unsolved Problem in Anthropology." After the address in the Board of Trade auditorium the reception at the Chittenden Hotel was attended by the members and many prominent citizens of Columbus. Professor Aldrick, of Morgantown, W. Va., who was engaged recently in working upon the Spanish warships sunk at Santiago, will lecture on his experiences to-morrow afternoon before the section of mechanical science and engineer-

ing, illustrated by stereopticon views. The American Society met to-day and its tened to numerous papers and then the vice presidential address of Professor Venable before Section C, of A. A. A. S. Sections will continue through the week. The American Forestry Association and the Geologi-cal Society of America begin their meetings

A trolley ride on the car Electra has been arranged for the ladies in attendance, tomorrow evening, and a musicale at the chapel, followed by a garden party at the spring on the university grounds, for Wednesday afternoon. The unsolved problem, discussed by Prof. Putnam in his presidential address, is that

of the unity or diversity of prehistoric man in America. He considers the evidence strongly preponderating in favor of diversity. America has been peopled many times and by many people. The existence of 150 languages among the aborigines supports this hypothesis. There were also many races of mound-builders, and many different kinds of mounds. The numerous resemblances between the civilizations of Peru and Mexico and some of the Mediterranean peoples are inexplicable, as were psychical coincidences, and indicate unity of race, which crossed the Atlantic by way of Canary and Caribbean islands. The builders of the effigy mounds in Ohio are also of this race.

CLIFF DWELLERS' RUINS

REMARKABLE FIND IN SANTA CLARA CANYON, NEAR SANTA FE.

Excavation Reveals a Communal Building of 2,000 Rooms That Was Hastily Deserted.

SANTA FE, N. M., Aug. 21.-New Mexico has its Pompeii and its Herculaneum; it has its extinct Vesuvius and its extinct Aetna;

it has ruins as interesting as those of Central Asia and of Egypt. Not far from Santa Fe, in Santa Clara canyon, there are buried the ruins of a city of cliff dwellers, older perhaps than Rome. Rev. G. S. Madden and a party of scientists have attemped systematic excavation, and during the last week they have dug out two rooms of a communal building 300 by 400 feet, three stories high, containing at least

The rooms that were excavated showed that the cliff dwellers deserted the house in great haste. They left many articles of interest behind which they would assuredly have taken along if their leave-taking had been less precipitous.

The abundance of turkey and dog bones showed that those animals were kept in the house. Attached to each living room in the communal building are small turkey corrals four by four feet, and connected with the living rooms by low archways just high enough for a turkey to slip through. In the burial places the remains of the ancient race are invariably found covered with turkey and dog bones. The bodies are buried in a stooping position, with the head between the knees and the feet of all bodies pointing to a common center.

The most important find made by Rev. Mr. Madden was that of nine skeletons, whose formation indicates that the ancient eliff dwellers were not Indians, but were allied to the Caucasian race. The forehead of the skulls is well formed, while the posterior part of the head is almost flat. In the course of evolution the incisors of the cliff dwellers were transformed into grinders, for the cliff dwellers were evidently vegetarians. In their houses was found corn, and they evidently grew and smoked obacco. Some skulls that were found in the cliff dwellings on the Gila had long red

The reason for the sudden evacuation the Santa Clara cliff dwellings is found in the immense stream of lava which poured forth from a crater only a few miles from Santa Fe and covered many square miles with lava and ashes. It must have been a volcanic eruption, similar to that which destroyed Pompell and Herculaneum, which caused the cliff dwellers to flee from their

According to Rev. Mr. Madden the dwellings were deserted at least 2,000 years ago. The cliff dwellers were giants in their day, for one of the femurs that he picked up measured twenty inches and must have be-longed to a man between seven and eight feet high.

THE GUARDHOUSE PLOT. Bold Plan for the Escape of Forty-Two Prisoners Exposed.

CHICAGO, Aug. 21.-Hidden in the cloth-

ing of one of the prisoners at the Fort Sheridan guardhouse yesterday was found the key to the post magazine. On other prisoners the officers investigating a supposed jail delivery plot discovered razors, knives, powder and cartridges. Further examination by Captain H. D. Boughton, of the Fifth Artillery, and Lieutenant Macoch disclosed the fact that the three upright bars in the window of the guard house had been sawed through and the two horizontal bars had been sawed until the exerting of a little strength would break them. The forty-two prisoners in the guardhouse would have found it an easy matter to obtain their liberty. The officers are satisfied that but for the escape of Private Miller, on Saturday, the plot to free the men would have been put in execution that night. It is supposed the prisoners secured the magazine key in the hope that the guards might be deprived of ammunition. When the cartridges found on the prisoners were examined it was found that the powder had been removed from four of them and knife blades had been inserted in the lead. The cartridges resembled the ordinary article on the outside. The lead evidently had been melted and the knife blades soldered in.

The sergeant who commanded the guard

Wake Up! You are an energetic man-an ambitious one. But it is hard to get up in the morning. You feel that you could take just one more nap, and one more and still more. Your head is heavy. You hate to get up. Your mouth tastes breakfast

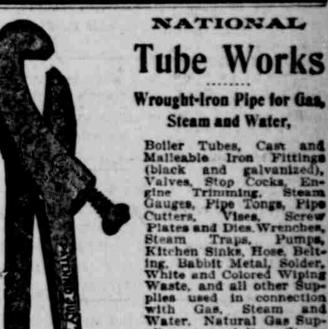

you are irritable. work you don't feel like it. You fight the feeling all day, and a couple of hours before closing time you turn in and work like a good fellow. When it's time to stop, you are just warmed up for a six day's go-as-you-please. But it is too late, and the next morning it is the same thing over

does not suit, an

again.
That isn't laziness—it's sickness—real, serious sickness. And later it will develop into something worse—liver trouble, con-sumption, blood disease, or nervous prostration. There is a remedy that will put you on your feet — Dr. Pierce's Golden Medical Discovery. It will wake up your stomach, give you an appetite, and put vim in your blood. It will make a new man of you. It contains no alcohol and will not create appetite for stimulants.

Mr. Charles Hunwick, of Lenox, Macomb Co. Mich., writes: "I have never felt better in my life than I do now. I have taken Dr. Pierce's Golden Medical Discovery right aloag. I can now walk quite well with a cane and hope to throw even that away before long, and as I have had to use crutches for nearly two years, I think I am doing fine. I do not cough now and I can sleep like a school boy. I have been treated in two hospitals and by three doctors besides, and received no benefit; so I think your medicine is the only medicine for me."

Do not let any one induce you to take a substitute in place of "Golden Medical Discovery." Buy of reliable dealers. With tricky ones, something else that pays them better will probably be offered as "just as good." Perhaps it is for them; but it can't be for you.

Repeated Attempts Have Been Made to Kill Bishop Kozlowski.

CHICAGO, Aug. 21 .- In the presence of

the parochial committee of All Saints'

Church-the first independent Polish Catholic Church of this city-Bishop Anthony Kozlowski, head of the independent church movement in this country, made his last will and testament last night. He bequeaths on his death all of his property to the church which he founded. In explaining his action in making his testament he said: "I make my last will and testament now, because I believe the enemies of the independent church movement may murder me at any time. They incite religious fanatics, who believe that killing me would be an act which would take them straight to heaven and make saints of them. Within the last month have been attacked three times. Stones, clubs and iron were hurled at me and in the

over the prison has been placed under arrest, but he is not believed to have been implicated in the plot. Sentinel Staice also has been placed in arrest and it is proposable that he will be punished for permitting mow there will be legal squabble over my property after my death."
